6	M.Sc Mathematics	2019-2020
7	MA Economics	2019-2020
8	PG Diploma in Psychological Counselling	2019-2020
9	PG Diploma in Human Resource Management	2019-2020
10	MBA	2020-2021

2. Entrepreneurship and Incubation Cell- Aspire started on 10th July 2017.

1. The name of the first start-up was **Nature's Delight**, a juice and ice-cream parlour, that ran with a tagline of "**You Choose It. We Mix It**". This start-up was supported by the college and the college let out a space/shop in the college canteen for this start-up to run. This start-up had an initial investment of 2 lakhs. After running successfully in the college, it spread its wings to the outside world.
2. The second start-up sported by the college is "**Blue Pages**", that runs from the college library and prints bluebooks and sells them to the students of SFS College. The students get easy access to the blue books through this start-up. It is a profitable venture.
3. The third start-up is supported by ESTAH, after giving successful internship to the students,

it helped them to start a venture called Farm-to- Kitchen. The venture entails the students to supply organic vegetables directly from the farms to different apartments in and around the college vicinity. Many new ventures are in the pipeline.

The college provides all possible support to its students to change their ideas into beaming reality. The college is in discussion with Srinath Bhadram, Incubator Manager, National Design, Business Incubator, National Institute of Design, Autonomous Institute under the DIPP, Ministry of Commerce & Industry, Govt of India for support regarding incubation. We have got a positive response from him but the process is delayed due to the prevailing pandemic.

The college will be establishing an Innovation and IP Cell in collaboration with the Karnataka State Council for Science and Technology, Bangalore in the present academic year.
